1. 2. Carol was enthusiastically involved in the panel session. Participants came away with a realistic picture of how a seasoned manager deals with difficulties. As one student said, "It is imperative that new managers see how other managers deal with the problem of managing."

3. Again, I would like to express our thanks to Carol for helping to make "Leading People in the CIA" a stronger program. I hope that she will be willing to participate in the future runnings of the course.
